Say "Hello" to Our Newest Village Connections Intern Megan Monacelli

[Megan](#) is a native Austinite and spent the past nine years in Colorado. She recently moved back to pursue a Masters of Social Work at UT Austin. She worked the past few years in the software industry as a technical writer, writing instructions and creating content for others to use software better. She compares herself to the cute and unforgettable Microsoft Clippy. She also has experiences in justice spheres, leading cases referred from the District Attorney's office through a restorative justice model as an alternative to courts. She lives in East Austin with her partner and puppy.

Men's and Women's Lunch Presents Representative Donna Howard

Wednesday, October 20 at Noon

Fresh from the recently-ended 87th session of the Texas Legislature, House of Representatives District 48 Representative Donna Howard has graciously agreed to share with CCV members her insights on what goes on inside our lovely state capitol building. Our Texas Legislature has certainly been much in the news of late. We have asked Rep. Howard to comment on the legislative process, what it is like to work

with her colleagues on both sides of the aisle, her personal legislative objectives and successes, and how she sees the legislature affecting life in Texas in coming years.

[Read more about Representative Howard and RSVP for this program here.](#)

Book Club Meets Friday, October 15 at 11 am

[Join the group](#) from the comfort of your home with a potluck prepared by you. October's book is "Americanah" by Chimamanda Ngozi Adichie.

From Our Members

Thank You!

I want to say again how much I appreciate CCV and all they do for me. They take me to doctor visits and lab appointments and push wheelchairs for me and most volunteer drivers have a little stool for me to step up with less pain and just so helpful and caring. I wish blessings for all of them, because they deserve it. I look forward to [Thursday morning coffee](#), virtual now because of COVID, but used to be at coffee shops and Central Market. They pick up little groceries if they can and work so hard to help us stay in our homes as long as we can. I just love all of them! Marie

Boosters!

Jimmie says, "ARC at Far West was booked up when I called to get Moderna booster but they had openings yesterday at their Cedar Park location. Tom said to spread the word! Very efficient and added it to my COVID card as well as their records."

Apple Emergency Update

Member and tech volunteer Rick asked us to share this [Tik Tok video](#) with an explanation how to update your Apple devices against the recent hacking threat. We have added it to our [YouTube](#) channel for your convenience.
